

Dear Families,

Welcome to The STEAM Project's **Tesla Crate** Virtual Camp! We're looking forward to getting started with the program. Below you will find information about preparing for your course:

What's inside your kit:

- 5x unique project kits
- Tool kit with wood glue, popsicle sticks, sandpaper, tape

Hardware and Software Requirements:

- Any device that can run Google Meets (with webcam and mic)

Safety Information

- This product contains small and sharp parts. Do not swallow or scratch to avoid injury
- Some parts will rotate or move when they work. Do not touch them to avoid being bruised or scratched and to avoid damaging internal components
- Use the parts in the kit in accordance with each lesson. If you do not know how to use or wire a part, learn how to use it before connecting it to any source of power.
- Store the kit and all parts in a dry place away from direct sunlight
- Unplug and turn off all power when not in use

Class Rules

Before the first class...

- Sign up for the Google Classroom at least **one day before the first class**. Your Classroom code is available through a PDF titled "**Household Confirmation Letter**". The meeting links will be posted in the Classroom.

To prepare for class...

- Prepare a **clean workspace** for the projects
- Use a **newspaper** or something similar to keep the surface clean
- **Plug in** your device or make sure it's **fully charged** to avoid disconnections

TESLA CRATE

During class...

- **Arrive on time** - after 5 minutes, you may not be able to be added as the instructor may be busy
- For the first class, the instructors will spend time making sure everyone is comfortable and that the equipment is working
 - Mute your microphone when you are not speaking to the class or instructor
 - You can turn off your video if you are not sharing something with others
 - Please use the chat only for relevant discussion
 - Raise your hand to indicate to the instructor that you have a question

After class...

- Students can ask questions to their instructor, communicate with other students, receive updates, and links to online resources & bonus projects through the Google Classroom.
- If there is a planned absence, please notify us by emailing: virtual@thesteamproject.ca.
 - For missed classes, resources will be available through Google Classroom

Sincerely,
The STEAM Project Family
