Dear Families,

Welcome to The STEAM Project's **Explore The Craft** Virtual Course! We're looking forward to getting started with the program. Below you will find information about preparing for your course:
Hardware and Software Requirements:
- Windows/Linux/MacOS Computer with an internet connection
- Minecraft Account
  - If you don't have one yet, it can be purchased here:
    https://www.minecraft.net/en-us/store/minecraft-java-edition#
- Minecraft Java Edition (Available when a Minecraft Account is purchased)
  - Installation instructions:
    https://drive.google.com/file/d/1Nrw6dT8MfLAYCTo60mCUEA85vY9F9cAV/view

Class Rules

Before the first class...

• Sign up for the Google Classroom at least **one day before the first class.**
Your Classroom code is available through a PDF titled **"Household Confirmation Letter".**
The meeting links will be posted in the Classroom.

To prepare for class...

• **Plug in** your device or make sure it's **fully charged** to avoid disconnections
• Make sure you have Minecraft Java Edition installed on your computer

During class...

- **Arrive on time** - after 5 minutes, you may not be able to be added as the instructor may be busy
- For the first class, the instructors will spend time making sure everyone is comfortable and that the equipment is working
- Mute your microphone when you are not speaking to the class or instructor
- You can turn off your video if you are not sharing something with others
- Please use the chat only for relevant discussion
- Raise your hand to indicate to the instructor that you have a question

After class...

- Students can ask questions to their instructor, communicate with other students, receive updates, and links to online resources & bonus projects through the Google Classroom.
- If there is a planned absence, please notify us by emailing: virtual@thesteamproject.ca.
- For missed classes, resources will be available through Google Classroom

Sincerely,
The STEAM Project Family
